NUKI FOB

MAIN FEATURES

### AT YOUR FINGERTIP - NO SMARTPHONE REQUIRED

Put the little Bluetooth device on your key ring to lock and unlock your door without your smartphone.
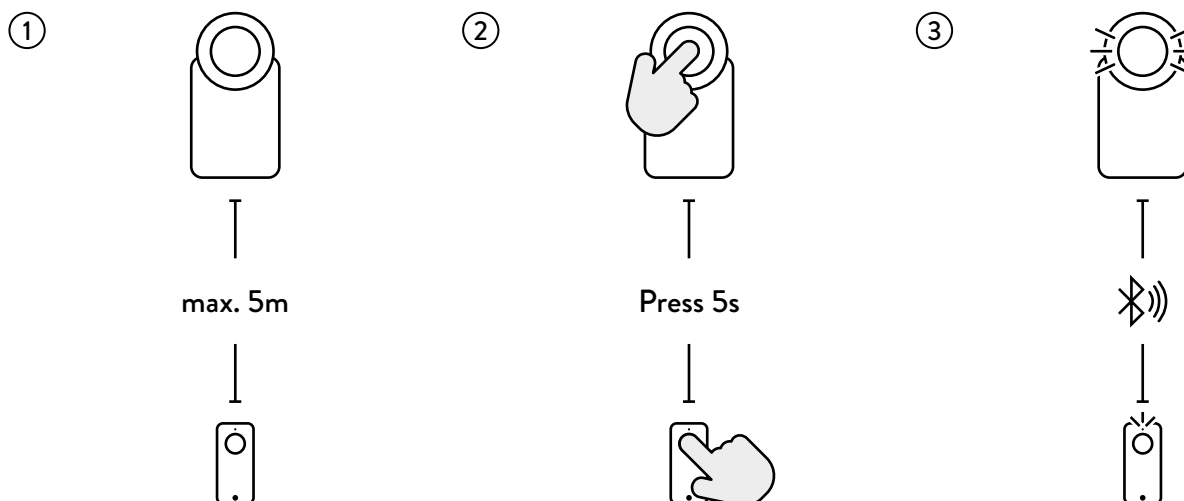

ONE FOR ALL

Up to 100 Nuki Fobs can be paired with one Nuki Smart Lock.

SIMPLY FOR EVERYONE

Nuki Fob is easy and safe to use, for children as well as for elderly people. Even for sportsmen or service providers Nuki Fob is the perfect companion for smart access.

INSTALLATION

① max. 5m

② Press 5s

③ $*$))

The Nuki Fob's installation can be done in a few steps:

- Position yourself with the Nuki Fob near the Smart Lock which has to be authorised (max. 5m distance)
- Press the button at the Smart Lock and the Nuki Fob for about 5 seconds
- The LED lights at the Nuki Smart Lock and Nuki Fob are on
- If the LED lights are off again, the pairing process is completed
- The Nuki Fob is now authorised to lock your Nuki Smart Lock

Further details regarding installation and use cases can be found on https://nuki.io/en/bluetooth-fob/

NUKI FOB

SEAMLESS COMPATIBILITY

The Nuki Fob is compatible with every Nuki Smart Lock and does not require a Nuki Bridge Wifi connection.
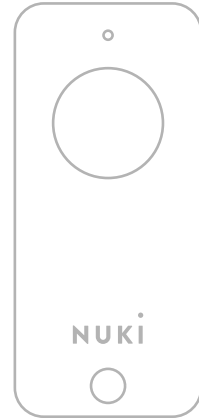

SIMPLE CONFIGURATION

Access to your Smart Lock can easily be granted or removed individually on your Nuki app for any Nuki Fob.

LOCK AS MANY DOORS AS YOU LIKE

One Nuki Fob can be authorised for up to 100 Smart Locks. In addition, up to 100 Nuki Fobs can be paired with one Nuki Smart Lock.

SECURE IN ANY CASE

If a Nuki Fob gets lost, access permissions can easily and quickly be deleted using the Nuki app or Nuki Web.
